

Senior Product Designer with 7+ years of experience creating scalable digital experiences across consumer and enterprise products. Specialized in simplifying complex workflows through intuitive, user-centered design while balancing business strategy and technical feasibility. Skilled in aligning user needs, business goals, building 0→1 products, while driving measurable business outcomes.

WORK EXPERIENCE

Poshmark

Sr. Product Designer · May 2022 – Present

Promoted Closet — Seller Advertising Platform

- Led Poshmark’s first seller advertising platform, Promoted Closet, from 0→1 concept to a scaled monetization ecosystem across web, iOS, and Android — growing annual revenue from ~\$1K to ~\$4M (~2.5% of company revenue), scaling to 50K+ daily promoting sellers, through research-driven UX strategy and cross-functional partnership. Partnered with executive leadership (VP, Product Management) to drive product strategy, roadmap planning and design alignment with business goals

Next-Gen User Onboarding & Personalization

- Led the end-to-end redesign of Poshmark’s signup and onboarding funnel, introducing personalized preference collection to improve recommendation quality and increase first-party user signals while maintaining signup conversion rates.

Bundles Redesign

- Reimagined Poshmark’s Bundles experience by identifying buyer and seller friction points through user research and usability analysis, improving discount visibility, pricing transparency, and bundle management workflows, increasing in monthly ordered items

Posh Shows

- Led UX for Posh Shows growth, launching features including Max Bid, live show categorization, and listing tray redesigns and more to reduce participation friction, increase auction engagement, and drive marketplace growth.

FULL Creative

UI/UX Designer · Oct 2019 – Apr 2022

AdaptiveU LMS

- Led end-to-end redesign of AdaptiveU's course creation workflow through collaborative brainstorming, UX restructuring, and usability-focused iterations, improving task success rate by 51%.

AnswerConnect – Answering Brand

- Designed high-conversion landing pages, blog experiences, and appointment booking flows for AnswerConnect marketing initiatives, improving brand engagement and lead generation across acquisition funnels.

Design Mentorship

- Mentored design interns through a structured 3-month training program covering UX fundamentals, product thinking, collaboration, and real-world design workflows.

INTERNSHIP

FULL Creative

UI/UX Design Intern · Jul 2019 – Sep 2019

Involved in projects such as team reports dashboard and other internal tools. Contributed to the rebranding of AnswerConnect and related answering brands.
